Pointers on Adding Your Vehicle Details

- 1 Adding Vehicle Details - iOS
- 2 Adding Vehicle Details - Android

START

Adding Vehicle Details - iOS

Adding your vehicle's size information in the Spark Driver™ app is voluntary and helps ensure orders fit into your ride.

If you want to share your vehicle information, you can take the following steps:

- On iOS, press **More** in the bottom-right, and then press **Vehicle Details** from the navigation menu.
- On the *Vehicle Details* screen, click the **ADD VEHICLE** button.
- On the *Select Vehicle Type* screen, choose your car type:
 - Sedan/Coupe
 - Hatchback
 - Compact SUV
 - Station Wagon
 - Large SUV
 - Pickup Truck
 - Minivan/Multi-Purpose
- Press the **SAVE** button.

Adding Vehicle Details - Android

Adding your vehicle's size information in the Spark Driver™ app is voluntary and helps ensure orders fit into your ride.

If you want to share your vehicle information, you can take the following steps:

- On Android, press the hamburger icon to open the side menu, then press **Vehicles**.
- On the *Vehicle Details* screen, click the **ADD VEHICLE** button.
- On the *Select Vehicle Type* screen, choose your car type:
 - Sedan/Coupe
 - Hatchback
 - Compact SUV
 - Station Wagon
 - Large SUV
 - Pickup Truck
 - Minivan/Multi-Purpose
- Press the **SAVE** button.
