Pointers on Creating Your Account

- 1 Signing In
- 2 Agreements

START

Signing In

If you're ready to create a Spark Driver™ account:

- Open the Spark Driver app, and enter the email you used to sign up with the temporary password you received when you enrolled.

NEXT

Agreements

Next, there are a couple of agreements to review and accept:

- *Spark Driver App Terms of Use*, which describes the guidelines and service-level-standards for drivers using the app.
- *Non-Disclosure and Dispute Resolution Agreement*, which describes how drivers should handle confidential information and resolve a legal dispute.

Scroll through and read the agreements carefully.

NEXT

Accepting the Agreements

After accepting, if you agree, press the **ACCEPT** button to continue.

If you reject either agreement, you'll be prompted to sign out of the app.

If you need additional information on creating your account. Check out this [video resource!](#)
