

## Tips for Changing Your Zone

3 min

---

### About the Resource

Changing your zone is easy in the Spark Driver App. In this resource, we'll show you how to change your zone, as well as how to search for alternate zones in your zip code and how to identify available store locations.

Tap image to replay

To change your zone on Android, press **Your Zone** on the *Home* screen.

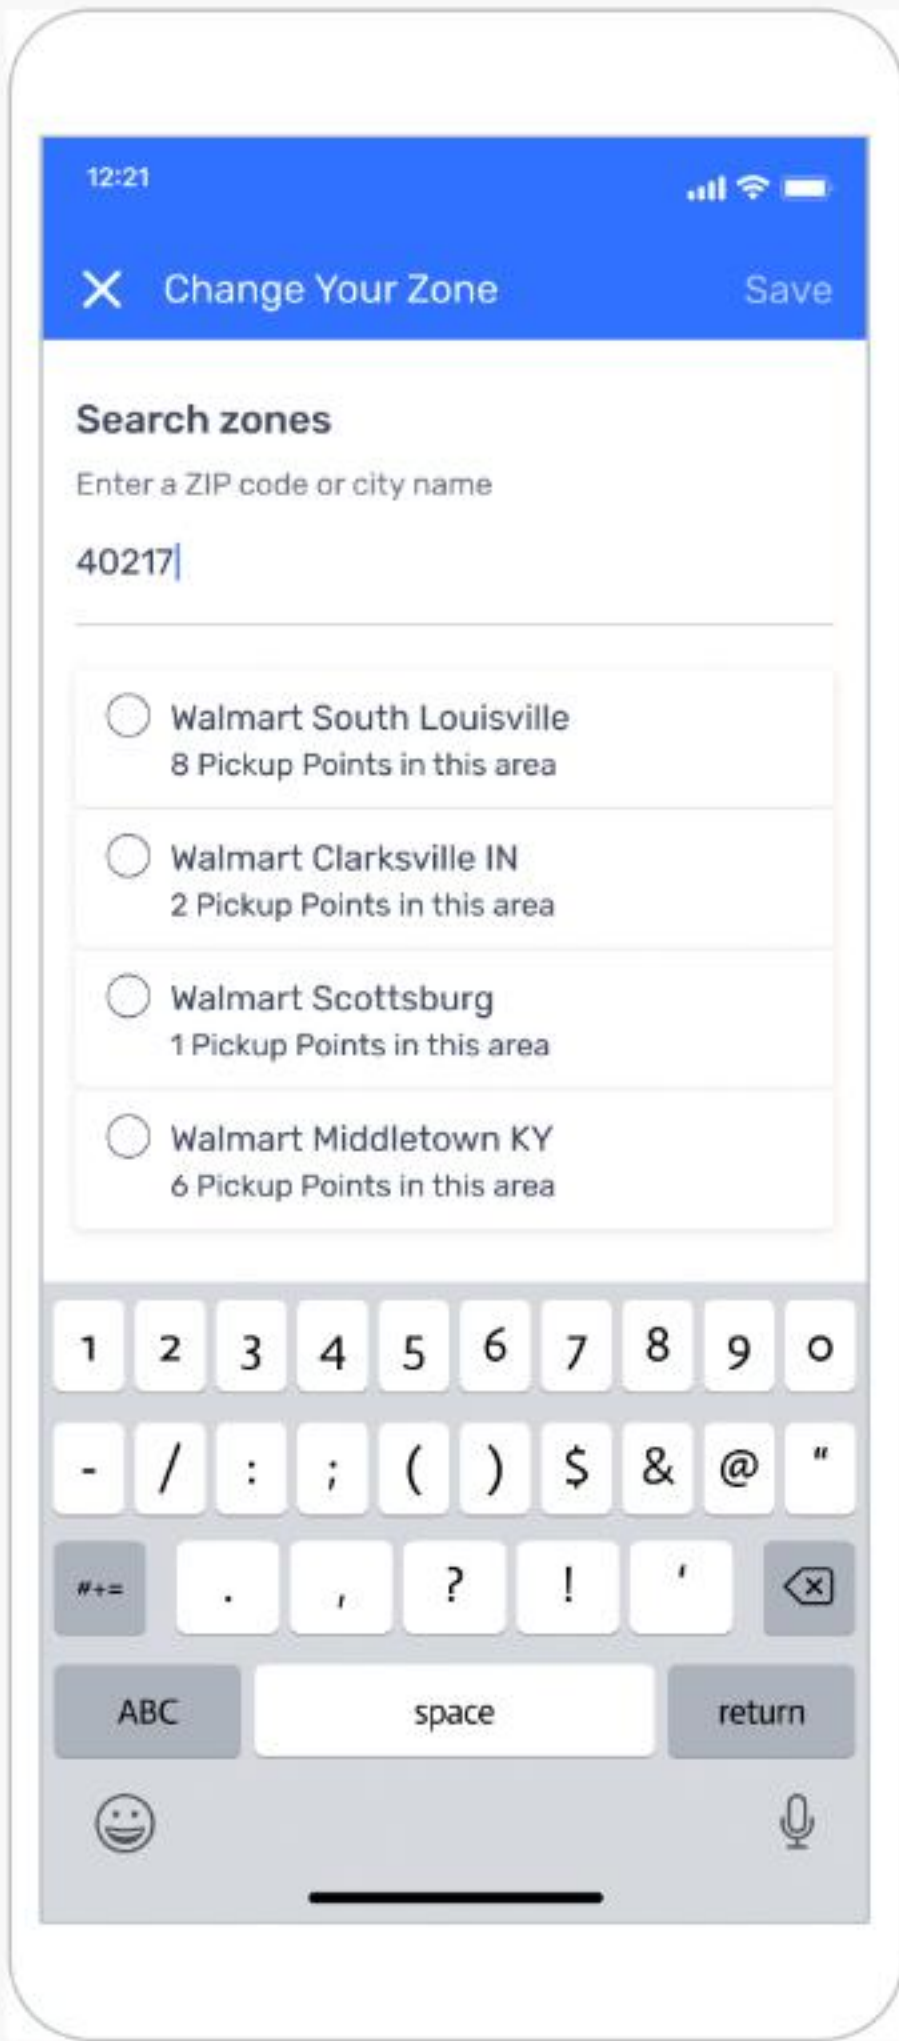

## Change Your Zone

From there, press **Change** in the top-right.

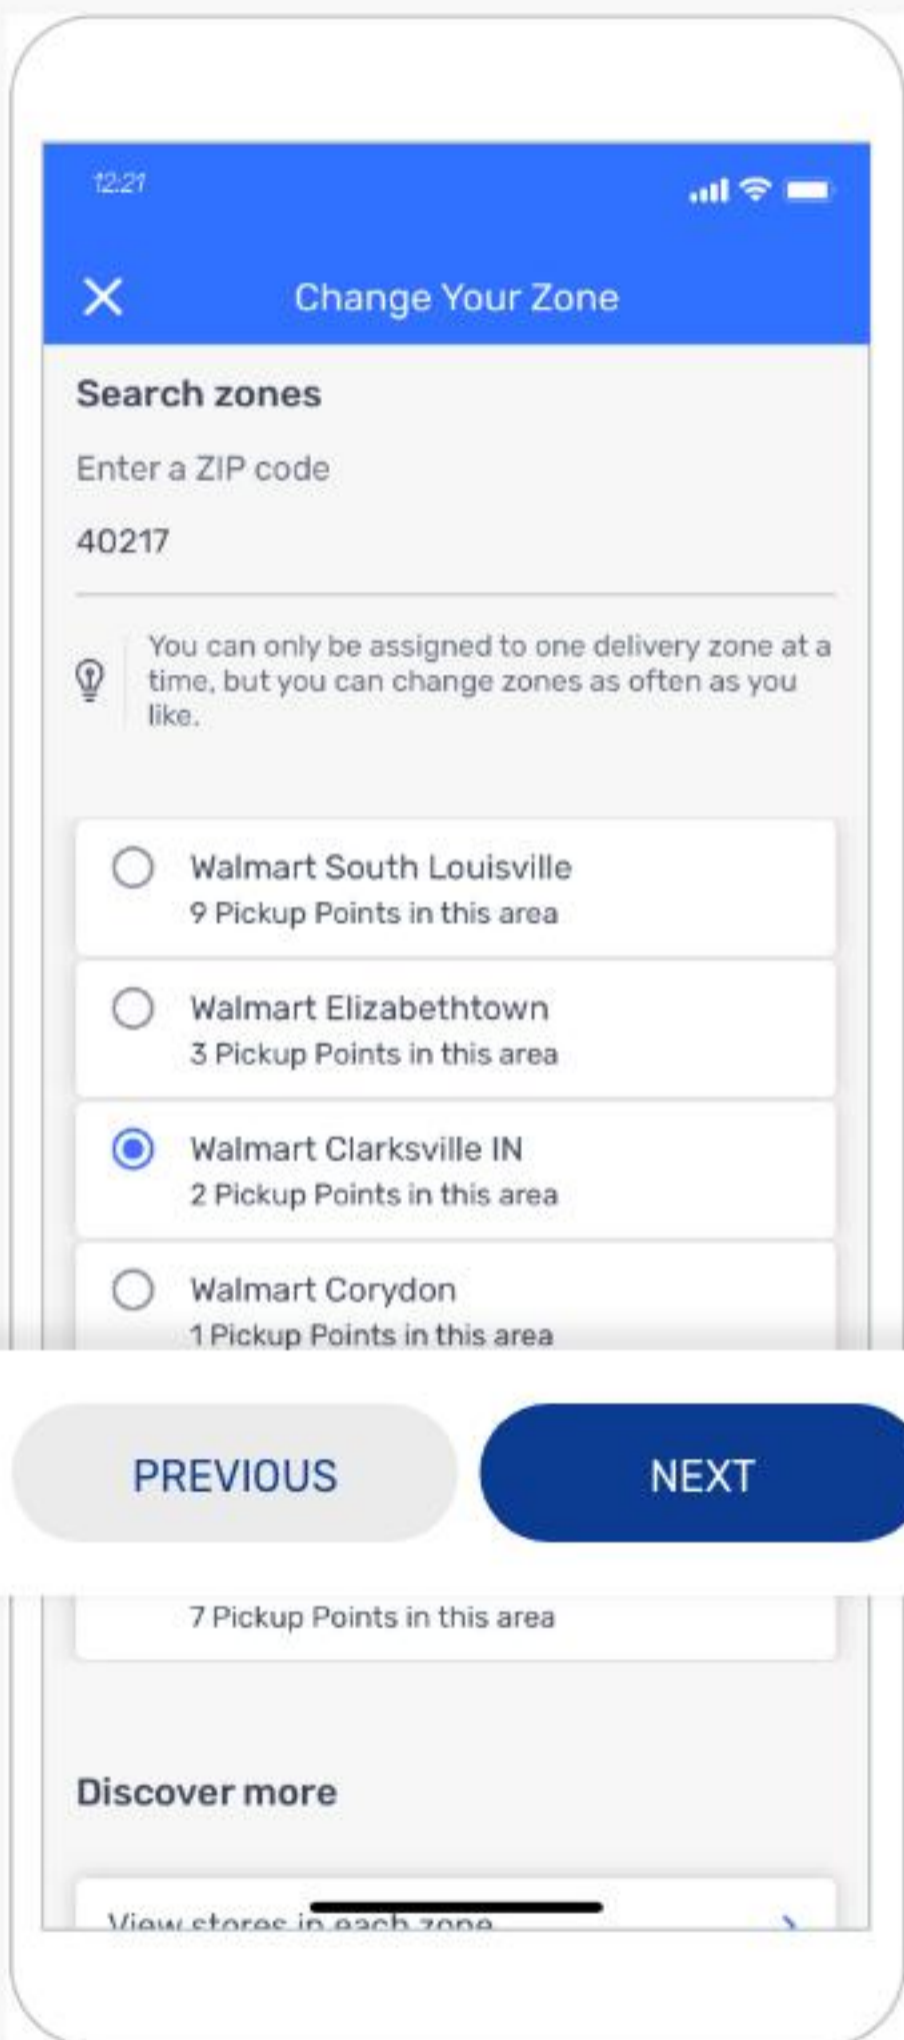

Enter the ZIP code for the location you'd like to deliver in. You'll see a list of available zone options that you can choose.

## View Stores in New Zone

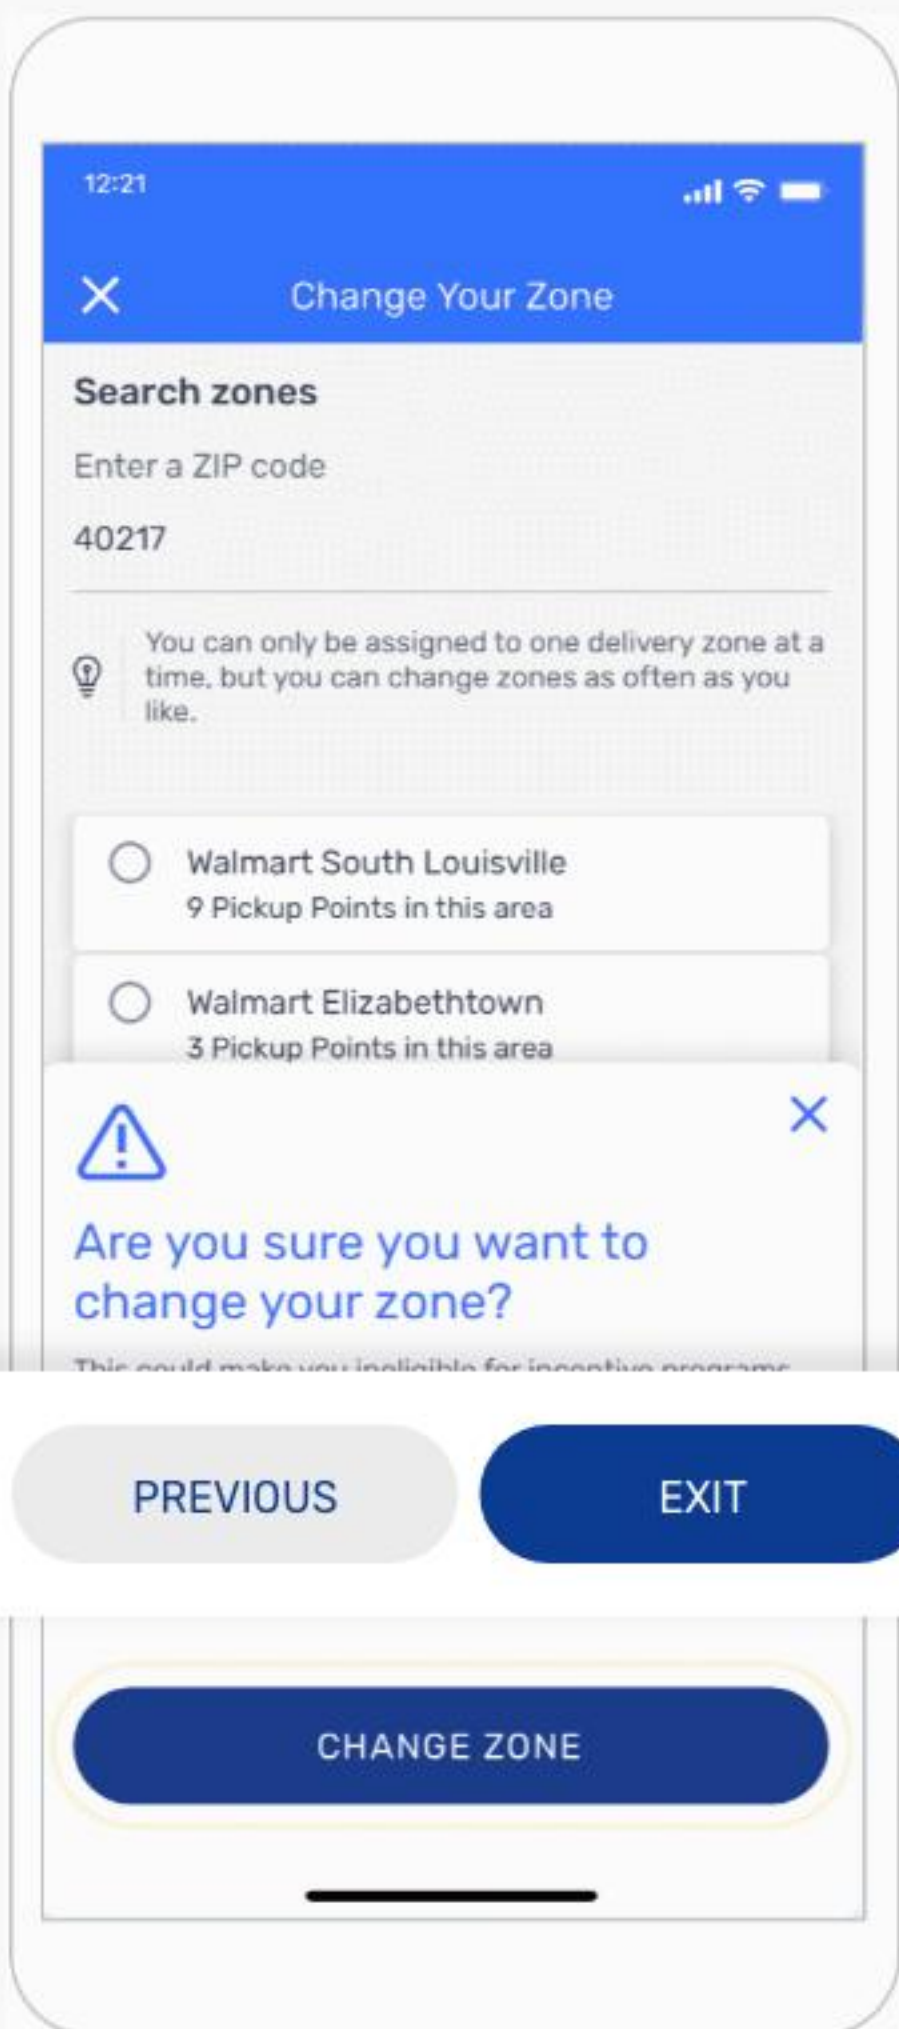

If you'd like to see the stores in each area before confirming your zone change, press **View stores in each zone** under *Discover more*. You will be taken to the Spark Driver™ website where you can see the stores in each zone.

## Confirm Zone Change

Once you've selected your preferred zone, press **Save** in the top-right.

You'll get a pop-up asking you to confirm your zone change. Press **Change Zone**.

That's all there is to it—you've changed your zone! Remember, you can change your zone any time you'd like and as many times as you want.
